

## **Corporate Reorganization of GKN Aerospace Services/Fokker Technologies Management**

Effective immediately, GKN plc has undergone an internal corporate reorganization combining the management of the Cowes, Filton, and Western Approach sites of GKN Aerospace Services Ltd. in the United Kingdom (“GKN Aero UK”) and Fokker Technologies Holding B.V. (“Fokker Holding”), as well as Fokker Holdings’ subsidiaries, without merging or dissolving these entities. As part of this internal reorganization, GKN Aero UK’s registered address (but not the address of the various GKN Aero UK sites) is changing from Ferry Road, East Cowes, Isle of Wight PO32 6RA, UK, to Ipsley House, Ipsley Church Lane, Redditch, Worcestershire B98 0TL, UK.

This internal reorganization will necessitate adding GKN Aero UK as a signatory to the various ITAR Part 124 agreements in which Fokker Holding or its operating subsidiaries in The Netherlands are a party so that personnel from GKN Aero UK can interact with U.S. signatories and have access to data under those agreements. Likewise, Fokker Holding and its operating subsidiary, Fokker Aerostructures B.V., will need to be added as signatories or sublicensees to the various ITAR Part 124 agreements in which GKN Aero UK is a party or sublicensee.

This internal corporate reorganization does not affect any current or pending ITAR licenses or reexport authorizations.

All currently approved agreements will require an amendment to be executed to reflect this internal corporate reorganization. The agreement holder will be responsible for amending its agreement. The executed amendment will be treated as a minor amendment per 22 CFR 124.1(d) and must be submitted as such. New DSP-83s must be executed as a result of this internal reorganization, as applicable.

Pending agreement applications that require amending must be brought to the attention of the assigned Agreements Officer by the agreement holder. The necessary changes will be made prior to issuance when the Agreements Officer has been notified.
